Dainty Slippers of Ribbon for Christmas

ANOTHER pretty gift made of plain ribbon is pictured in the pair of boudoir slippers. These are made in all sizes and colors and are appropriate for all the feminine members of the family from grandma down to the baby. Ribbon about two and one-half inches wide is needed to make them. It is sewed to insoles of leather with elderdown on one side (or quilted satin). These soles are bought ready made and cost very little.

In sewing the ribbon to the soles it is folded slightly across the toe and joined in a felled seam in the back. Above the heel it is gathered on an elastic cord to hold the slipper in place. A little fullness is gathered in at the toe where three small rosettes provide a finishing touch.

Sashes and Girdles Among Best of Gifts

NO ONE need remain long in doubt as to what to get for a maid or matron in this day of the vogue of girdles and sashes. A girdleless gown is hardly to be found and whether for the street, the home, or evening wear, ribbons are used to form the circle that enfolds the waist or terminates the bodice. There are any number of styles in girdles and sashes to choose among made of every variety of weave known to the loom and every color and combination of colors that has been thought out.

A girde of wide plaid ribbon, finished with a sprightly bow of two loops and two ends, is shown in the picture. It makes a Christmas gift that will delight every woman who likes to keep abreast with the mode. The girde portion is boned to spread the ribbon and hold it in place without pins. The bow is simply tied and may be untied and the length wrapped about the figure if preferred.

A sash of dotted satin ribbon, designed for a party gown, may be used as a model for making up one of the soft fancy ribbons, suited to dressy wear. It requires ribbon about four or five inches wide, of which three lengths are sewed together to form the girde. This is boned at the sides and back to hold it in place and fastened in the back with hooks and eyes. Over the fastening a flat bow of three loops and one end is placed with the loops lying lengthwise on the figure.

Narrow ribbons are sewed together to form wide girdles and ribbons of moderate width are bordered with black velvet ribbon, from an inch to two inches wide. The flowered Dresden and rich, brightly colored brocades are very effectively bordered in this way. Sometimes narrow shaded or flowered ribbons are joined by means of narrow velvet ribbons, a half inch in width. The edges of the velvet ribbon overlap those of the satin ribbon and are machine stitched down. Girdles made in this way are fastened with hooks and eyes and the fastening concealed by flat bows of two loops without ends.

Oil News

According to information received Monday in Parkersburg, a fine oil well has just been drilled in in Ritchie county, the best producer in that region for a number of months.

On Keith Farm.

The new well is on the Keith farm located on the north fork of Hughes river, which is on the road between Harrisville and Ellenboro, near the former town. It was drilled by the Imperial Oil and Products Company.

Started Off Fine.

The well started off in fine style, throwing out a hundred and fifty barrels of grease, the first twenty-four hours. It found the big pay in the Keener sand.

Ahead of Production.

The well is two thousand feet ahead of production which makes it so much the better. The extension is to the north of the present developments and a fine field may be opened in the new territory.

Once an Editor's.

The land is the old McDougal farm, once the property of Enos McDougal, the father of Col. Tom McDougal, of the Cereola Advance at Htsitome, one of the founders of the Ritchie Gazette, still going on after forty years at Harrisville. Such is an editor's luck—to win wealth!

Further Proof.

The well is further proof that Ritchie county is the old, reliable oil and gas producer. It has been for over half a century. The county has never had any monsters, but millions of dollars have been realized from steady producers, some of them fine like the Keith well, others of forty or fifty barrels, lasting for years.

Gassers, Too.

The gas well has been one of the features of production in this country, too. Harrisville has had it for twenty years and it is found everywhere from the head of the north fork to the Calhoun line.

Leases, Too.

Millions of dollars have been paid besides, for leases. In fact the county is largely under lease as a whole all the time, for no one knows at what minute some such producer as the Keith well may come in or where it is likely to be.

Baltimore Decrees "Self-Denial Day"

BALTIMORE, Dec. 8.—The city council, in joint session today, unanimously passed a resolution designating Tuesday, December 15, as "Self Denial Day." Those who can afford to do so, are asked to practice self denial on that day, and contribute the money thus saved to the community relief fund for the benefit of the city's poor.

Mayor J. H. Preston afterward appointed a committee to solicit contributions from all city employees receiving more than \$2 a day.

Italian Troops Rushed to Libya

ROME, Dec. 8.—Eight battalions of Italian troops have been ordered to Libya, to reinforce the troops there, and according to the announcement, "to be ready for any aggression."

100,000 PRISONERS TAKEN.

LONDON, December 8.—A dispatch from Amsterdam says that according to a message from Berlin, it is reported there that upwards of 100,000 prisoners were taken by the Germans when they captured Lodz, Russian Poland. News of the capture of Lodz, this message said aroused extraordinary enthusiasm in Berlin. The houses there were redecked with German and Austrian flags. No official report has yet been received concerning the number of prisoners and guns captured.

STOMACH UPSET?

Get At the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't care feeling, no ambition or energy, troubled with undigested food, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

The Olive Tablet Company, Columbus, O.

and Sunday at home.
